

Aluminium Bi-fold Doors

Aluminium bi-fold doors offer bespoke design solutions for almost every property.

Enjoy unrestricted views of your garden, terrace, patio or pool by installing bi-fold doors. Why not open up a whole wall of your special room, or even a balcony?

Bi-fold doors can be stacked open at one end, or at both ends. Alternatively, one panel can be opened like a conventional, single-traffic door. It is even possible to have a double door combination.

Superb range of features

- * Aluminium construction requires very low maintenance
- * No painting, no warping, no shrinking
- * High Security locking system
- * Option of inward or outward opening doors
- * Weather rated and thermally efficient
- * Low threshold option for easy access
- * Colour and Woodgrain features available on request
