

Door handles to help people with arthritis or other difficulties

Our new range of door handles makes it much easier to operate a lift-to-lock mechanism

Main Features

- * Compliant with The Disability Discrimination Act (DDA).
- * Over 1.5 inches (40mm) longer than a standard handle to give more leverage.
- * Ample Lever-to-Door surface clearance (preventing finger traps)
- * Sprung version as standard with Easy-Grip Lever.
- * Available in Chrome or Polished Gold (contrasting colours are a Document M requirement)
- * The Dimensions of this product satisfy the requirements of BS8300 and Document M
