

# French Doors

Open up the back of your home and let the light flood in with a new set of bespoke French Doors

Our uPVC French Doors offer a stylish, durable, weather resistant and low maintenance way to fill a room with light, whilst also providing easy access to your patio or garden.

The doors are made to your exact specifications and are available in white uPVC, rosewood, golden oak, rosewood on white and golden oak on white.

Doors can be fully glazed with toughened safety glass, laminated glass or midrails with solid panels below. It is also possible to have obscure glass or an integrated blind system glazed into the unit.

## Main Features

- \* 12 point hookbolt, shootbolt, deadbolt and roller cam locking system
- \* 70mm sculptured frame profile with platinum weather seals avoiding ugly black sightlines
- \* Handle driven slave door instead of awkward finger bolts is easier to lock and maintains symmetry
- \* Toughened Safety Glass as standard with option of laminated glass to outer pane
- \* Available in white, rosewood, golden oak, rosewood on white and golden oak on white
