Welcome to Cosmopolitan

Cosmopolitan residential doors are not just about quality and security, they are about creating lasting impressions. Doors have a huge influence on the overall character and ambience of your home, making it important you choose the right door for your property.

Why Cosmopolitan?

Cosmopolitan is the leading brand in residential door panels in the UK. Our doors are not only stylish and secure; they offer excellent thermal efficiency properties helping to reduce energy loss in your home.

3 Stunning Collections

Our door panels are split into three different categories to help you choose the door that's right for you.

cosmopolitan

Featuring over 50 different designs, the Cosmopolitan features a range of contemporary designs using gluechip glass, decorative lead and crystal bevels to traditional classics using marble film and sandblasted glass.

perfection

A collection of 10 stunning door panels, in which the glass design is encapsulated inside the sealed unit to allow for easy cleaning. The designs in the collection use only 100% glass to truly show off the door.

impression

A stylish range of inverted door panels, suitable for both front and back doors, that will add a touch of class to your home.

100% Glass

Glass is important to us, never will you find a Cosmopolitan design made with anything other than glass. Many other manufacturers still use cheaper plastic inserts between the glass.

Years of research and development into glass designs, enables us to offer some fantastic pieces using different techniques which will enhance your front door.

Huge Choice

Our glass range features some time-served traditional classics, through to contemporary and unique designs that are sure to get the neighbours talking. All Cosmopolitan glass is toughened and conforms to BSI kitemark.

MADEIRA & AYRES

Cosmopolitan's most popular doors, the Madeira & Ayres, look stunning in any style of property and let a generous amount of light into your home allowing you to maximise solar gain, thus keeping you warm.

Madeira: Corvus

Madeira: Red Rock

Madeira: Eclipse

Madeira: Moon Shadow

Ayres: Tucana

Madeira: Nebulous*

Madeira: Capricorn*

Madeira: Celestial*

Ayres: Cosmopolitan

Ayres: Vela*

Ayres: Libra*

* Contains Gluechip Glass. We recommend clear backing glass with these designs.

LONDON & NAPOLI

The stylish curves of the Napoli and the double glass aperture of the London make these designs extremely popular. The Napoli Renaissance is Cosmopolitan's most intricate glass design featuring over 30 crystal glass bevels backed on gluechip glass. The London is also a popular choice for homes that require side panels.

London: Cetus

London: Mizar

London: Virgo*

Napoli: Capella

Napoli: Cygnus

Napoli: Renaissance*

* Contains Gluechip Glass. We recommend clear backing glass with these designs.

ATHENS, GENEVA & COSMOPOLITAN

Two glass apertures make the Cosmopolitan and Geneva extremely popular for homeowners looking for privacy. The Corona and Callisto glass designs stylishly blend gluechip glass with decorative lead and glass bevels. The Athens is perfectly suited for homeowners looking for modern straight lines to suit their property.

If choosing a conservatory panel please select your moulding style, followed by your colour choice. Once you have chosen these, you then need to select what reinforcement level you go for. (Please see page 20)

ADDITIONAL GLASS DESIGNS

Option I: Georgian Bar

Create a stylish and simple effect with Georgian Bars designed to look like traditional Georgian Windows. Available in White, Light Oak and Woodgrain (suitable for Rosewood & Mahogany colours)

NB, Only available in the following door styles, Bordeaux, Cannes, Kensington, Madeira, Geneva, Rome, Tuscany, Oslo, Pisa, Hamburg & Udinese

Option II: Diamond Lead

Nothing rivals the timeless Old English look of diamond leaded doors and windows. A true classic that adds an exclusive feel to both contemporary and traditional homes.

Option III: Square Lead

A similar style to Diamond Lead, this stylish pattern creates a great look at an affordable price.

Option IV: Obscure Glass

Choose any style of door with plain or obscured glass from the selection below. A particularly popular choice is Gluechip as shown above. (Additional cost option)

PATTERNED BACKING GLASS

Once you have chosen your Cosmopolitan glass design, you will now need to select what type of backing glass you want. We recommend that all designs that feature our decorative Gluechip glass designs are backed using clear glass.

If choosing glass for a side or back door we recommend choosing Glacier, Sandstone, Gluechip, Woodland, Honeycomb and Misted Glass as these provide the most stylish finishes combined with high levels of obscurity.

Glacier

Obscurity Rating 10/10

Sandstone

Obscurity Rating 8/10

Gluechip*

Obscurity Rating 8/10
(Additional cost option)

Woodland

Obscurity Rating 6/10

Firstly, select the colour you would like your door furniture to be from the letter plates above, then choose what added extra's you would like to compliment your door.

REINFORCEMENT

For extra peace of mind, all our doors are available in several different reinforcing options that provide exceptional levels of security.

Standard core

Single MDF core

Double MDF core

Aluminium core

White

Rosewood

Light Oak

Mahogany

COLOUR OPTIONS

All doors in the Cosmopolitan collection are available in White, Light Oak, Rosewood or Mahogany and perfectly match most window and conservatory colours.

HEAT SHIELD

Exclusive to Cosmopolitan, Heat Shield is standard on all our woodgrain doors. The technology prevents your door from absorbing heat, which causes dark colours to expand and contract on hot days. Similar to wooden doors when they expand and no longer fit in the frame, some PVC-U doors still suffer with this problem. With Heat Shield you can rest assured your door won't crack, warp or bubble.

heat **SHIELD**

ROCKDOOR. YOUR DOOR SAYS IT ALL

Welcome to Rockdoor

Rockdoor, a sister brand of Cosmopolitan, is the leading manufacturer of high quality, high security PVC-U composite doors. Composite doors bridge the gap between standard residential doors (as shown in this brochure) and traditional timber doors.

Rockdoor is an engineered door system which offers security and style as standard. It combines the realistic appearance of a traditional timber door with the all the benefits of PVC-U.

Secured by Design

Secured by Design is a Police backed accreditation awarded to Rockdoor for its strong and robust door. Other industry accreditations to give you complete peace of mind include PAS 23 & PAS 24 demonstrating the quality of the door itself.

THE UK'S LEADING PVC-U COMPOSITE DOOR

Colours

Rockdoors are available in 10 colours, together with a wide range of high quality colour coordinated door furniture. All our woodgrain doors are protected by the revolutionary Heat Shield technology.

Stable Doors

Rockdoor is widely respected in the industry for manufacturing one of the best Stable Doors on the market. Our delightful Stable Door allows you to open the top half separately giving you security when dealing with visitors and keeps children and pets secure whilst allowing fresh air into your home.
